REASONS FOR ALLOWANCE

The affidavit filed on June 22, 2006, under 37 CFR 1.131, along with Applicants' remarks and submission of Exhibit A, are sufficient to overcome the Campbell et al. (US 20030162289 A1) reference.

The following is an examiner's statement of reasons for allowance: claims 30-31, 38, 65-85 are drawn to a method for growing adherent cells comprising providing a cell adhesion promoting (CAP) peptide-modified polymer composition, wherein said composition comprises a polymer surface, a hyaluronic acid (HA) layer bonded to the polymer surface, and one or more peptides, specifically pentapeptides, covalently bound to the HA layer. The pentapeptides of the instant invention promote adherence of cells that would otherwise not adhere to the HA layer. The instant invention also includes a method for growing specific cell types including fibroblasts, osteoblasts, and hepatocytes. Claims 30-31, 38, 65-85 clearly define the invention and are free of the art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Claims 30-31, 38, 65-85 are allowed.
